EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeffrey M. Glabicki on 3/20/06.

The application has been amended as follows:

Claim 7, line 14 after the word, "generates", "a" has been replaced with "said".

Claim 7, line 17 after the word, "generates", "a" has been replaced with "said".

Claim 11, line 1 after the word, "claim", "9" has been replaced with "7".

Reasons For Allowance

2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1 and 7, Prior Art fails to disclose in a CDMA communication system the step of receiving and decoding at the receiver the first and second communication burst to recover the first and second data fields, the decoding being performed after the first burst midamble and the second burst midamble are canceled in combination with other limitations set forth in the respective claims. It should be noted based in light of the specification that the cancellation is a matrix operation and not an extraction for decoding.

Drawings

3. The drawings of replacement sheet 1/3 were received on 11/21/05. These drawings are acceptable.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
